Speaker: **Timothy M. Grewe,**
General Director Electrification

Tim is the General Director, Electrification for General Motors. His responsibilities include the design, development, and certification of multiple Hybrid and Electric products including the Chevrolet Bolt EV.

Tim will be discussing GM's Electrification vision, describe the Chevrolet Bolt's product development, and identify the individual engineering skills required to be globally competitive in electrification technology.

Tim received a BSEE from Rensselaer Polytechnic Institute and a MSEE from Syracuse University.
